# **NEW DEVICE IS** TO BE USED FOR

Inspector P. M. Newgaard of the Nevada state police spent yesterday in Reno and returned to headquarters at Carson City this morning. says the Gazette Newgaard reports that the state police department has been withdrawn from Rochester. where it was sent last month on request of the county commissioners of Humboldt county. While the camp at thata time appeared full of tough characters, there was no attempt at lawlessness while the members of the state police were there.

Newgaard says a mistaken idea has prevailed relative to the execution of J. F. Trammer, which was supposed to have been scheduled for tomorrow. The date of Trammer's execution which on his request will be by shooting, was originally set for a date early in May, but there is little likelihood of its taking place on the day set, as there is a new appeal on a motion denying a new rial pending before the supreme

When this is decided, in case the decision of the court is adverse to Tramner, a new execution day will have to be named. A new execution day also must be set for Andrew Mircovich who lost out on an appeal to the supreme court, the case having been decided recently. It is said that the shooting device to be used in executing murderers when they choose that means of death has not yet been tested.
